How to get to the park - depending on where you are driving from, you may be using I 64, SR 64 or SR 37/237. But whichever route you come, we recommend all campers enter from West Tunnel Hill Road off SR 64, just west of the English exit. [Map](#)

Pets are welcome, just keep them on a leash when outside campers and pick up after them.

Free wood - yes that is right, free firewood conveniently located near each campsite! We just ask guests to use wood respectfully and in moderation.

Golf carts can be driven by licensed drivers.

Gates are locked from 8:30 pm to 8 am daily (9:30 pm on Friday). All day users and guests are required to leave before gates lock. Campers receive the code for emergency exit when they are checked in. Plan to arrive before gates automatically lock.

Which gate to use? Campers enter through the RV gate beside the Park Office, Day use guests may use the Main gate to the west or right of the Park Office. Chapel wedding guests may enter through the Exit Gate.

Check in for campers will be held on your campsite upon arrival.

Vehicles are limited to two per site with overflow parking provided. Speed limit is 10 mph throughout the park.

Park Office is open daily from 8:30 – 5:30 to answer your questions and take reservations. The office also sells ice, park apparel, coffee mugs and small items including stickers and magnets.
